

# First Grade Summer Homework

Welcome to First Grade!

Over the summer students will need to:

1. Participate in the library summer reading program. Reading logs are due at the end of summer.
2. Practice basic math facts on Prodigy. (A math packet is available for students who will not be using the internet.)
3. Participate in the Idaho Falls Parks and Rec *Bucket List Challenge*.

During the first week of school students will be making a poster to share their favorite park that they visited over the summer.

They will also be sharing with the class about their favorite book that they read over the summer.

Name:

Please staple your completed summer reading log to the back of this form at turn in at the end of the summer.

What was your favorite book that you read this summer?
