

Second Grade Summer Homework

Dear Parents,

This is the work the students will complete over the summer:

- Participate in the local library's summer reading program – bring documentation
- Complete 30 minutes of Podigy a week www.prodigygame.com (students have an account set up)
- Complete 4 grade level book reports

By doing the summer homework students will better retain the information they have learned and be better prepared beginning the new school year. Students will also benefit from daily reading and math fact practice.

Students may return the pack to me on Back to School Night. Completed packets will earn your child a beginning of school party!

Please email with any questions. anitagarcia@cableone.net

Thank you,

Mrs. Garcia
