**SOCCER AND A BROKEN RESERVOIR** In the Dry Corridor of Honduras, climate change causes persistent drought, making farming nearly impossible. With support from Catholic Relief Services, Rony, a farmer, repaired an old reservoir and installed a new irrigation system to improve his harvests. Now Rony can send his son to a soccer academy to pursue his dream of becoming a professional player. How can you work like Rony to support others' needs and dreams? Visit [crsricebowl.org](http://crsricebowl.org) to learn more.
