

My name is Beth Fuchser and I am excited to be teaching Preschool and Pre-K for the 2022-2023 school year. I am a graduate of Loras College in Dubuque, IA. Our family spent some time in the DC area, where I worked in Religious Education, before moving to Idaho. I have been teaching at Holy Rosary for the past three years, and we have two children who attend Holy Rosary.

In Preschool and Pre-K, your child can look forward to:

- Hands-on activities that will develop a love of learning
- Learning the foundations of reading and math by exploring letter and number recognition, shapes, colors, and letter sounds
- Learning and practicing social skills
